To sharpen the vision of the DMI, along with lay collaborators and experts.

### **MISSION**

To manage the resources of the DMI, which were left in the form of investments, deposits, lands, and institutions, to serve the poor

## **CAMPUS SUPERIOR MESSAGE**

Here's the message on adopting new techniques and methodology in the education field in a paragraph format:

As educators, we have the power to shape the minds of tomorrow. To stay ahead, we must adapt and evolve by embracing cutting-edge techniques and methodologies that enhance learning outcomes. Personalized learning, technology integration, project-based learning, flipped classrooms, gamification, and social-emotional learning are innovative approaches that foster critical thinking, creativity, and student engagement. By embracing innovation, we develop 21st-century skills, improve academic achievement, and prepare students for an ever-changing world. Stay updated on best practices, attend workshops, collaborate with peers, experiment with new approaches, and measure effectiveness to revolutionize education. Empower your students, empower the future.

## **PRINCIPAL'S MESSAGE**

As we bring the month of September to a close, I would like to take a moment to reflect on the incredible journey we've had over the past few weeks. September has been a month full of learning, celebration, and growth for our school community.

We began this month with the joyous celebration of Teacher's Day, where our teachers were honored and appreciated for their dedication to nurturing young minds. The enthusiasm shown by our students in celebrating their mentors was truly heartwarming and served as a reminder of the strong bonds we share as a community.

This month also saw a range of academic and extracurricular activities where our students showcased their talents, creativity, and determination. From cultural performances to sporting events, each student's effort was a testament to their passion and dedication. I am proud to see the way our learners have embraced every opportunity to grow both inside and outside the classroom.

As we move forward, I encourage all of us—students, teachers, and parents—to continue striving for excellence. Let's carry the lessons and values of September into the months ahead, focusing on collaboration, respect, and perseverance.

As we step into a new month, let us embrace every challenge as an opportunity, every task as a path to growth, and every success as a step toward our brighter future. Together, we will continue to rise, learn, and achieve more than we ever imagined.

## KG ACTIVITIES

KG students were taken to Demeanour lab designed to resemble a home, complete with separate areas for the kitchen, dining table, bedroom, and prayer space, all clearly marked. The purpose of this visit was to teach students important life skills, such as how to maintain cleanliness in each room and practice proper table manners. They were shown how to sit correctly at the dining table and how to keep their surroundings tidy. Sister guided the students to the prayer area, where they actively participated in a prayer session. It was a fun and engaging learning experience. Students not only learned the basics of home etiquette but also how to be respectful and responsible in their everyday routines.

## PRIMARY ACTIVITIES

### PUPPET SHOW

## RAINBOW ACTIVITY

A puppet show was conducted as an engaging activity where students created pictures of their favourite animals and engraved them on charts. The students actively participated and displayed their creativity.

Additionally, a rainbow activity was organized where the students used thumbprints to print colourful rainbows. Through this, they learned about the formation and colours of a rainbow. Each student also gave a brief talk explaining what a rainbow is, sharing interesting facts. Both activities were met with enthusiasm, and the students enjoyed learning through creative participation.

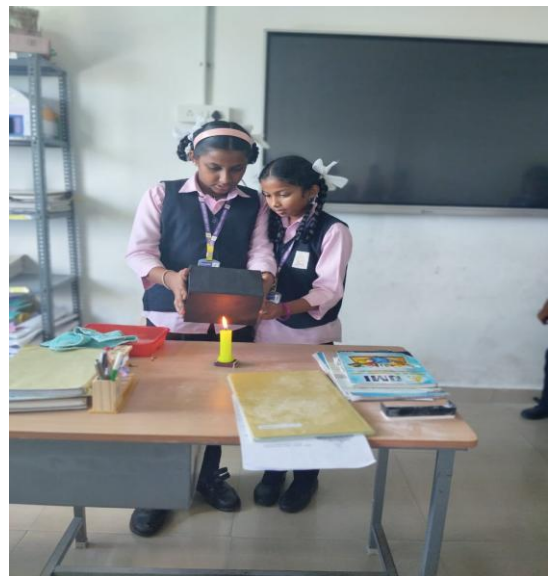

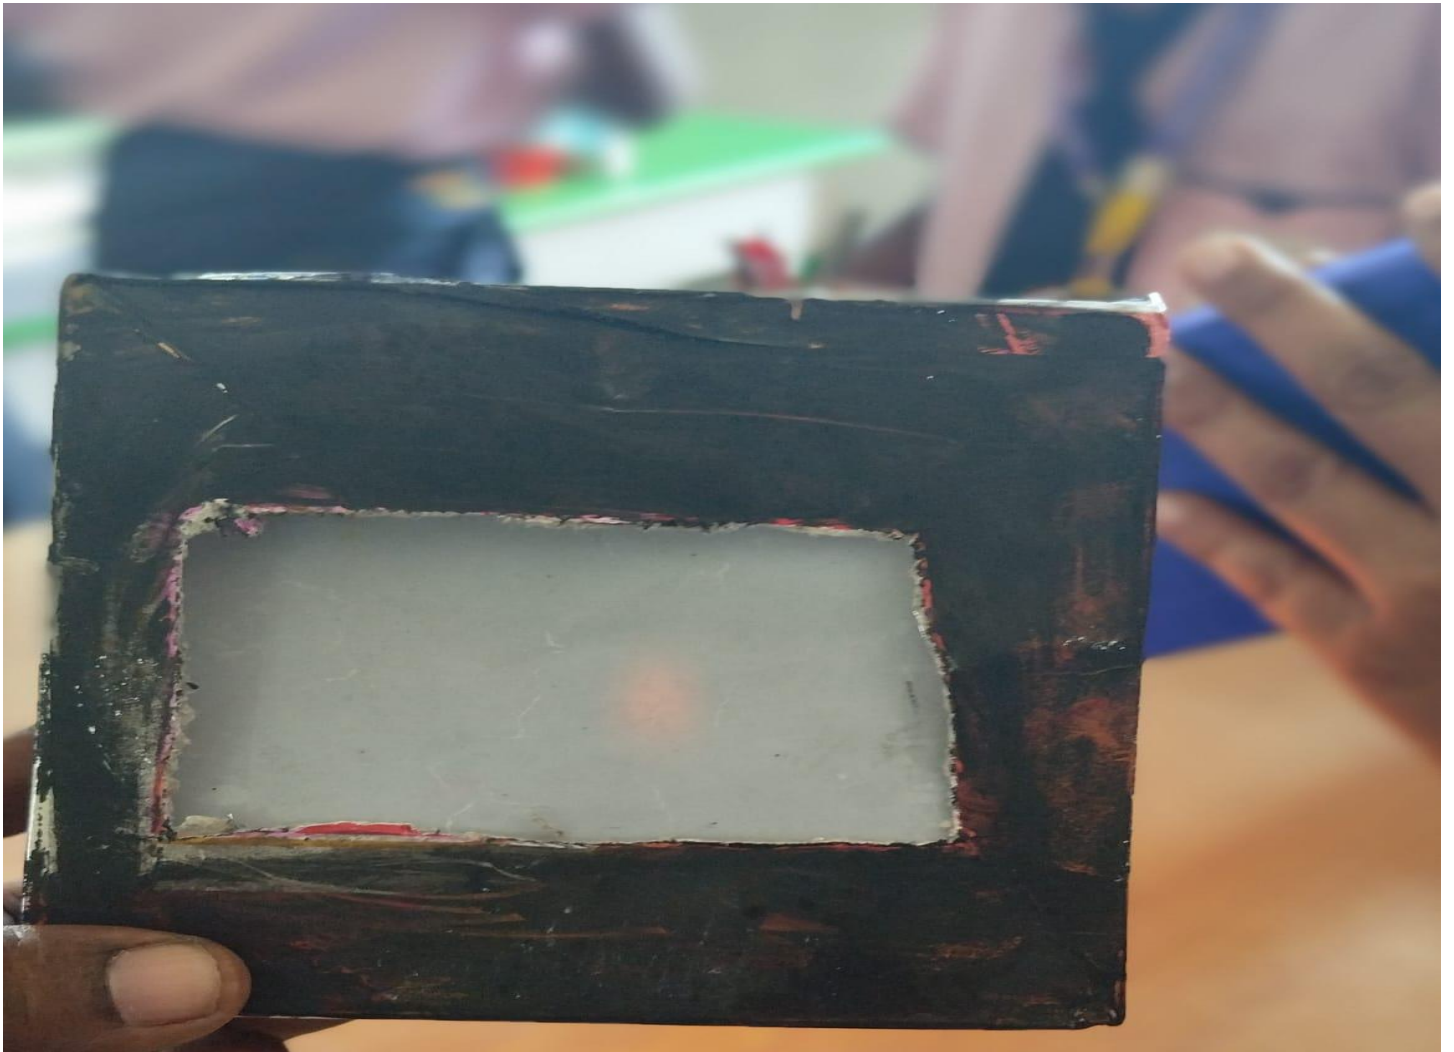

## MIDDLE COMPARTMENT ACTIVITIES

The students enter the computer lab with excitement buzzing in the air. As they settle in front of their screens, their curiosity ignites. Guided by their teacher, they dive into hands-on activities, exploring software a. Laughter and questions fill the room as they collaborate on projects, sharing tips and ideas. Each success brings a sense of accomplishment, and by the end of the session, they leave with newfound skills and a passion for technology. It's clear that this experience has sparked a deeper interest in learning.

# HIGH SCHOOL ACTIVITIES

## PINHOLE CAMERA ACTIVITY

# STARCH TEST

# PART OF FLOWERS

# SCIENCE ACTIVITY FOR GRADE 6

The **starch test** is used to detect the presence of starch in substances. It involves adding iodine solution to a sample. If starch is present, the iodine will change colour to blue-black. This simple test is commonly used in educational settings to teach students about carbohydrates and chemical reactions, demonstrating how indicators work in identifying specific compounds.

#### PARTS OF THE FLOWERS WERE EXPLAINED TO THE STUDENTS

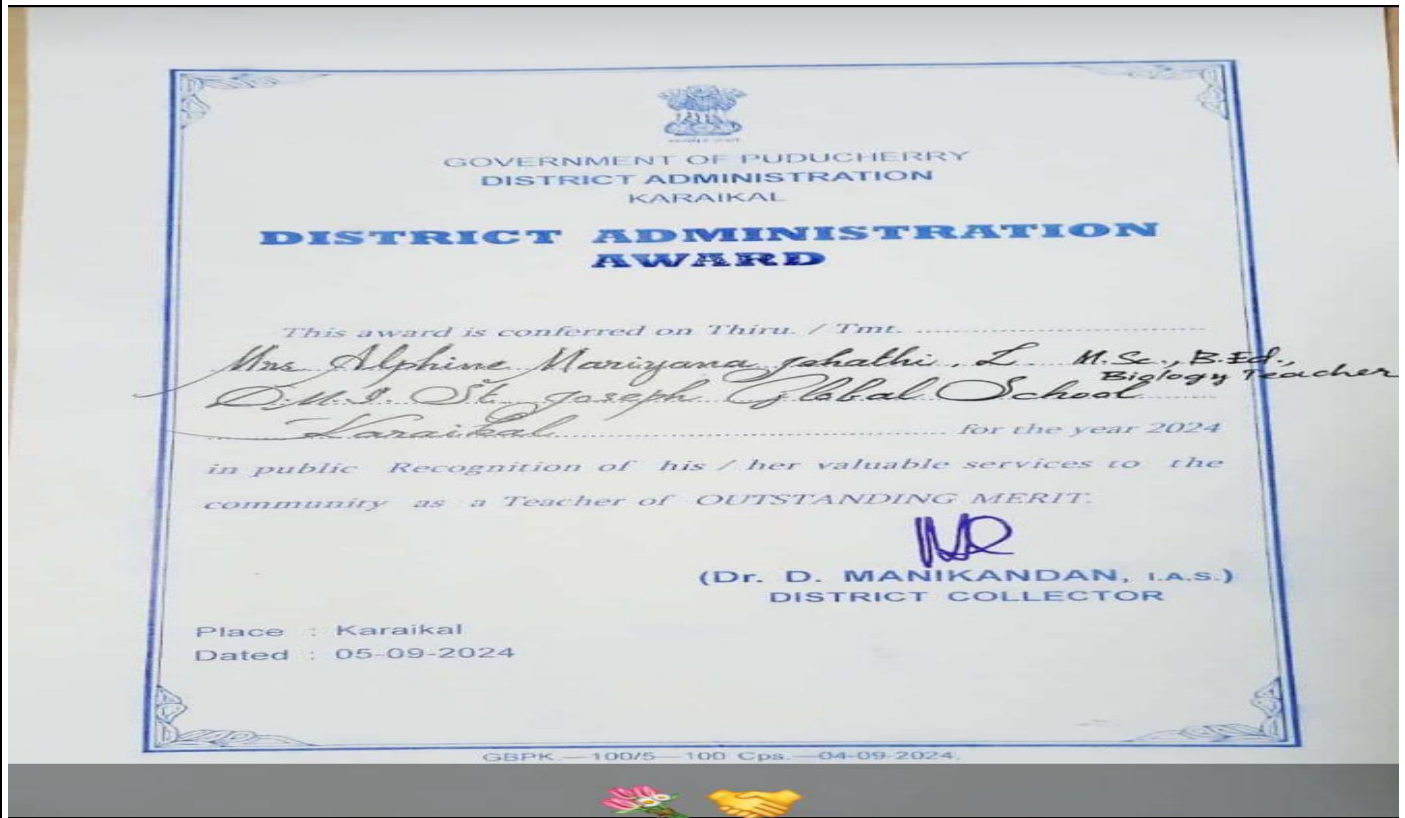

Flowers are essential for plant reproduction and have several important parts. The **petals** attract pollinators with their color and scent. The **sepals** protect the flower bud. The **stamens**, which include the anther and filament, are the male reproductive parts that produce pollen. The **pistil** is the female part, consisting of the stigma, style, and ovary. Understanding these parts helps us appreciate how flowers grow and reproduce

# SPECIAL DAY CELEBRATIONS

Teacher's Day was celebrated enthusiastically at our school. The teachers arrived in colorful uniforms, making the event visually striking. Students decorated the classrooms and presented greeting cards to the teachers. The program began with a march, where teachers led the way to the stage. Each teacher was honored with a special title, starting with the first letter of their name, and awarded a medal. Various activities were organized, including dance performances and balloon bursting, in which the teachers participated with great enthusiasm. Students also presented cultural performances such as dance and mime acts, creating a lively atmosphere. A cake-cutting ceremony was held, with the cake shared among everyone, and the event concluded with evening snacks, which included pasta, cake, biscuits, tea, kesari, and chocolate. Teachers and students thoroughly enjoyed the celebration, making it a memorable day.

## LISTENING SKILL ACTIVITY

During the listening activity, students gather in a circle, their attention focused on the speaker. As they absorb the information, they jot down notes and engage with the worksheet. The atmosphere is one of concentration and excitement, as they eagerly discuss their thoughts and answers. This collaborative effort helps reinforce their understanding, making the learning experience both interactive and enjoyable.

## ECA/CCA

At our school, we conduct ECA activities on Wednesdays, which include Silambam, Archery, Keyboard, and Bharatanatyam. Students are overwhelmed with joy as the activities are scheduled for each grade during their allotted periods. Two teachers supervise and engage the students, ensuring their safety and participation.

## ADD ON VALUE COURSES

### ICE PARK

AI Quad camera

## TOPPERS AND BLOOMERS MEET

Every Wednesday, the school conducts a Stoppers and Bloomers meet. During this session, the principal engages with Stoppers individually, assessing their improvement and addressing any questions or challenges they might have. This allows for a focused conversation about their progress. Meanwhile, Bloomers are called separately, where their test papers, DRT notebooks, and other written work are thoroughly reviewed. The principal provides detailed feedback on their performance, discussing areas for improvement and recognizing their progress. These sessions are structured like counselling meetings, offering both encouragement and constructive advice, ensuring that each student is supported in their academic growth.

## DRUG AWARENESS PROGRAMME

The drug awareness program for grades 8 through 11 was a resounding success. The event started with a short film that vividly illustrated the dangers of drug abuse, capturing everyone's attention. After the screening, the principal took the stage, delivering a compelling talk that emphasized the importance of making informed choices and the impact of drugs on individuals and communities. His message resonated deeply with the students, sparking meaningful conversations. The program not only educated but also empowered students to be advocates for change in their school and beyond.

## FIELD TRIP

On Bamboo Day, the excitement was palpable as the students of grades 4 and 5 embarked on their trip to Pichavaram. The lush greenery and tranquil backwaters welcomed them, setting the perfect backdrop for a day filled with exploration. As they arrived, students were eager to learn about the significance of bamboo and its various uses. The beauty of the surroundings inspired creativity, and students shared innovative ideas about how bamboo could be used in everyday life.

Throughout the day, laughter and teamwork flourished as they engaged in fostering a deeper appreciation for nature. By the end of the trip, the students not only enjoyed a memorable day but also left with fresh perspectives and a newfound respect for the environment.

## TEACHERS MEETING REGARDING ADMISSION

Regular teacher meetings focused on interaction and the exchange of innovative ideas can really enhance collaboration and creativity.

# COMPETITIONS and ACHIEVEMENTS

## THANKYOU PAGE

We extend our heartfelt gratitude to the DMI Organization for their unwavering support and dedication to our school community. Your generous contributions and involvement have made a significant impact on our students' learning experiences and overall development.

Your commitment to education and empowerment inspires us all, and we are truly grateful for the opportunities you have provided. Together, we are fostering an environment where students can thrive, excel, and pursue their dreams.

Thank you once again for your belief in us. We look forward to continuing this meaningful collaboration!

Warm regards.
